

Taj M. Magsi

Digital Mental Health Product Builder & Co-Founder | AI in Mental Healthcare | Clinical NLP | mHealth Research
Karachi, Pakistan · tajmagsi2017@gmail.com · [linkedin.com/in/tajmagsi](https://www.linkedin.com/in/tajmagsi) · tajbellucci.github.io · github.com/tajbellucci

SUMMARY

Digital mental health builder who ships clinical-grade products end to end: Pakistan's first national CBT platform (49 licensed professionals, PKR 1.5M billed revenue), Pakistan's first AI emotional-support agent for low-literacy users, and privacy-first clinical NLP infrastructure. Co-author on two Cambridge University Press publications and IEEE international expert committee member. Four-plus years managing concurrent digital MH products for WHO/WPA-linked programmes. Committed to ethical, safe AI deployment in mental healthcare settings.

MENTAL HEALTH TECHNOLOGY EXPERIENCE

Co-Founder & CEO

Nov 2024 – Present

DilKiBaat · Karachi, Pakistan

- Built Pakistan's first national CBT-based mental health platform — 49 licensed professionals, 600+ therapy sessions, PKR 1.5M billed revenue at zero marketing spend.
- Built Aiza, Pakistan's first AI emotional-support agent for low-literacy users — 1,000+ AI conversations; triage-first design routes users to appropriate care based on risk level.
- National Incubation Center incubatee; raising \$250K pre-seed. Directs cross-functional delivery with AI safety and ethical standards for AI in care.

Digital Project Coordinator / Manager IT Ops

Feb 2022 – Present

PACT · Karachi, Pakistan

- Delivered 123CBT.online for the World Psychiatric Association — 250,000+ member psychiatrists across 100+ countries.
- Led script-to-production delivery of a culturally adapted animated psychoeducation series evaluated in a Cambridge UP feasibility study (doi:10.1017/S1352465825101173).
- Managed rollout of eGuru4life (Android MH app) and KhushiorKhatoon.com (women's mental wellness platform).
- 4 concurrent digital mental health products over 4+ years.

OTHER EXPERIENCE

Chapter Lead — AI Collective Karachi

May 2026 – Present

AI Collective · Karachi, Pakistan

- Building Karachi's AI builder community; AI educator for clinicians and health tech teams.

Social Media & Membership Coordinator

May 2021 – Feb 2022

PACT · Karachi, Pakistan

- 41% growth in shares, 30% traffic increase; Performer of the Year 2022.

Transport & Logistics Officer

Mar 2018 – Oct 2024

TPG · Karachi, Pakistan

Frontend Developer

Sep 2017 – Mar 2018

EDEVHOST · Karachi, Pakistan

MH TECHNOLOGY PROJECTS

OpenMed-MH

github.com/tajbellucci/noteveil

Privacy-first clinical NLP — only Apache-2.0 model stack for mental health NER and PII de-identification. Python, HuggingFace, PyTorch.

Practice-in-a-Box

github.com/tajbellucci/piab-90

Done-for-you practice platform for Pakistani mental health clinicians — booking, reminders, reports, AI-ready workflows.

Lyari 3D Crisis Map

github.com/tajbellucci/lyari-3d-map

Bilingual EN/Urdu interactive 3D civic map of documented crisis issues in Lyari, Karachi. MapLibre-GL, GSAP, vanilla JS.
