

Taj M. Magsi

Digital Health Product Builder & Co-Founder | AI Agentic Systems | AI Educator | Project Management

Karachi, Pakistan · tajmagsi2017@gmail.com · [linkedin.com/in/tajmagsi](https://www.linkedin.com/in/tajmagsi) · tajbellucci.github.io · github.com/tajbellucci

SUMMARY

Digital-health product builder and co-founder who ships end to end and runs the delivery: web and mobile applications, AI agentic workflows, and clinical NLP, plus roadmap, team, and stakeholders. Built Pakistan's first national CBT-based mental health platform to PKR 1.5M in billed revenue with zero marketing spend. Named co-author on Cambridge University Press research and member of an IEEE international expert committee, from Lyari, Karachi, with no external funding.

EXPERIENCE

Co-Founder & CEO

Nov 2024 – Present

DilKiBaat · Karachi, Pakistan

- Built Pakistan's first national CBT-based mental health platform — 49 licensed professionals, 600+ therapy sessions, PKR 1.5M billed revenue at zero marketing spend.
- Built Aiza, Pakistan's first AI emotional-support agent for low-literacy users — 1,000+ AI conversations at dilkibaat.ca/aizaai.
- National Incubation Center incubatee; raising \$250K pre-seed.
- Directs cross-functional clinical, engineering, and design delivery with AI safety and ethical standards.

Manager IT Operations & Special Projects

May 2026 – Present

PACT · Karachi, Pakistan

- IT operations and digital platforms; coordinates conferences, webinars, and training events.
- Leads AI and digital-innovation initiatives across the organisation.

Chapter Lead — AI Collective Karachi

May 2026 – Present

AI Collective · Karachi, Pakistan

- Building Karachi's AI builder community — events, mentorship, and open build culture.
- AI educator and content creator for clinicians and small business on LinkedIn and X.

Digital Project Coordinator

Feb 2022 – Jun 2026

PACT · Karachi, Pakistan

- Delivered 123CBT.online for the World Psychiatric Association — 250,000+ member psychiatrists across 100+ countries.
- Rolled out eGuru4life (Android) and KhushiorKhatoon.com to production.
- Led script-to-production delivery of an animated psychoeducation series evaluated in a Cambridge UP pilot study.
- Managed 4 concurrent digital mental health products over 4+ years.

Social Media & Membership Coordinator

May 2021 – Feb 2022

PACT · Karachi, Pakistan

- Drove 41% growth in shares and 30% increase in traffic; awarded Performer of the Year 2022.

Transport & Logistics Officer

Mar 2018 – Oct 2024

TPG · Karachi, Pakistan

- Led logistics teams; role held concurrently with PACT from 2021.

Frontend Developer

Sep 2017 – Mar 2018

EDEVHOST · Karachi, Pakistan

- Built client sites with HTML5, CSS3, JavaScript, Bootstrap, and WordPress; delivered an ASP.NET + SQL internal project.

PROJECTS

OpenMed-MH

github.com/tajbellucci/noteveil

Privacy-first clinical NLP — only Apache-2.0 model stack for mental health NER and PII de-identification. Python, HuggingFace, PyTorch.
